THE VENICE OF THE NORTH

Saint Petersburg is a vibrant, dynamic, and diverse metropolis, where everyone can find something to enjoy. The city offers various opportunities for having a good time, combining classic tourist attractions with new ones that have appeared on the map of the city quite recently.

There is a good reason why Saint Petersburg is named the “Venice of the North”. The city, founded on the banks of the Neva River, is a palette of history, architecture and culture that embodies greatness and beauty, luxury and elegance. The "Northern Capital of Russia" is one of the biggest European industrial and cultural centers.

Saint Petersburg is a monument city, a fairytale city, where every street and every building is a unique work of art. This city, where classical and modern architecture look merge, never ceases to amaze its visitors and residents with its enduring beauty and grandeur. The historic center of Saint Petersburg and groups of monuments are recognized as World Heritage Sites by UNESCO.

Saint Petersburg is the second biggest city in Russia.

INTERNATIONILIZATION AT UMTE

International cooperation and active implementation of its results in all areas of UMTE's activities is our most important task. And the cornerstone of internationilization is collaboration with international organizations. UMTE cooperates with the best universities around the world, implements international programmes as well as academic mobility schemes and carries out innovative research projects. Education without language barriers and active use of innovative technologies give students an opportunity to get unique competences and international experience. That is why UMTE graduates are competitive not only in Russia, but also on the international labour market.

Broad geography of our partners which include countries from Latin America, Asia, East and Europe. We never stop working to expand the list of countries where our partner universities are located!

ACADEMIC MOBILITY PROGRAMMES

Together with our international partners, we implement academic mobility programmes for students, postgraduate students and teachers. Students have an opportunity to do their exchange semester or a one-year training abroad that helps to improve language skills as well as expand professional outlook and allow using international experience in the future business career.

Academic mobility is a unique experience, a great investment in future, and a vivid experience of living and studying in another country!

International students are welcome to take part in one of the winter and summer schools annually organized by UMTE.

INTERNATIONAL SUMMER SCHOOL «RUSSIAN BUSINESS CULTURE»

Every year UMTE invites students from partner universities to get comprehensive knowledge and practical skills about the Russian business culture, peculiarities of doing business in Russia, its economy and opportunities of economic development in the future. The programme of the summer school includes lectures, practical classes, discussions, intensive team work, individual and group assignments as well as a vast cultural programme.

INTERNATIONAL ONLINE PROGRAMMES

We are trying to provide students with possibilities to gain new international and intercultural knowledge and experience without any borders. Regular international online programmes, which are bringing together students and teachers from different countries of the world, are organized by UMTE and our international partners.
